

De Officiis (On Duties) is Cicero's last theoretical work and contains his analysis, in a Greek theoretical framework, of the political and ethical values of the Roman governing class in the late Republic. It has often been treated merely as a key to the Greek philosophical works that Cicero used, but this volume aims to render De Officiis, which had a profound impact upon subsequent political thinkers, more intelligible by explaining its relation to its own time and place. All the standard series features are present, including a wholly new translation, a concise introduction by a leading scholar, select bibliography, chronology, notes on vocabulary and brief biographies of the most prominent individuals mentioned in the text.

Trekking in the Everest Region 5th (fifth) edition Text Only, Nursing: A Human Needs Approach, Essays from more than fifty years in social work, Dictionary Of Proverbs And Their Origins, No popery, or, A catechism against popery wherein the heretical doctrines, idolatrous worship, and superstitious practices of the Roman Church are ... by testimonies of Holy Scripture (1682), The Third Chinese Revolutionary Civil War, 1945-49: An Analysis of Communist Strategy and Leadership (Asian States and Empires), The Only Thing That Matters (Conversations with Humanity Series), The Oedipus Tyrannus of Sophocles: Translated and Explained (Classic Reprint),
