

Notwithstanding the number of United States histories already in existence, and the excellence of many of them, I venture to think that no apology is needed for bringing forward another. 1. The Volume now presented to the public is believed to utilize, more than any of its predecessors, the many valuable researches of recent years into the rich archives of this and other nations. 2. Most of the briefer treatments of the subject are manuals, intended for pupils in schools, the conspicuous articulation so necessary for this purpose greatly lessening their interest for the general reader. The following narrative will be found continuous as well as of moderate compass. 3. I have sought to make more prominent than popular histories have usually done, at the same time the political evolution of our country on the one hand, and the social culture, habits, and life of the people on the other. 4. (Typographical errors above are due to OCR software and do not occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
