

Baby dogs are puppies and they belong to a litter, but what is a baby skunk and what is the name of its group? In My Backyard, a clever, rhythmic story that tells us just that! Counting from one to ten, familiar backyard animals are introduced by baby and family group name. Each stanza also tells a bit more about each animal by providing clues as to what they eat, how they sound or where they live. The For Creative Minds section includes more animal fun facts, information on keeping a nature journal and how to watch for wildlife in your own backyard. Thanks to Sherry Crawley, Director of Education at Zoo Atlanta and to Helen Fischel, Associate Director of Education at the Delaware Nature Society for verifying the accuracy of the information in the book. And thanks to Caryl Widdowson of Safe & Sound Wildlife Rehabilitation (ME) for her help.
