

Excerpt from Revision of the New Zealand Byrrhidae: With Descriptions of New Species Under the title Bulletins the Board of Governors of the New Zealand Institute hopes to issue, from time to time, important papers which for any reason it may not be possible to include in the yearly volume of the Transactions. The bulletins will be uniform in size and general style with the Transactions of the New Zealand Institute, but will appear at irregular intervals, and each bulletin will be complete in itself and be separately paged. The bulletins will not be issued free to members of the Institute, but may be obtained by them at a reduction on the published price. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
