

Excerpt from Science and the Miller This little Book is the result of an effort to present some of the main facts educational and scientific of importance to the Milling Trade at the present time, believing as I do, that the education of our future millers must proceed side by side with the advancement of Science and Technical progress. I have, therefore, touched upon certain subjects which, from close observation as well as from a scientific and practical point of view, have in my opinion a direct bearing on the business success of a modern Flour Mill. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Millers (Classic Reprint). By William Halliwell milling to-day is fast approaching an exact science, and it would surely be a pity if nothing were done to keep its.
