

A fourth collection of Papers from the Copenhagen Polis Centre, a collective whose ultimate aim is to present a new analysis of the Archaic and Classical Greek polis, through various wide-ranging and thematically specific investigations. This volume and the others in the series are released in advance of the publication of a general synthesis of findings, hence the thematic incoherence of the titles contained herein: Polis as the Generic Term for State, Hekataios Use of the Word Polis in His Periegesis, and A Typology of Dependent Poleis (Mogens Herman Hansen); A Survey of the Major Urban Settlements in the Kimmerian Bosphoros (With a Discussion of Their Status as Poleis) (Gocha R. Tsetskhladze); Emporion. A Study of the Use and Meaning of the Term in the Archaic and Classical Periods (Mogens Herman Hansen); Colonies and Ports-of-Trade on the Northern Shores of the Black Sea: Borysthenes, Kremnoi and the Other Pontic Emporia in Herodotos (John Hind); Some Problems in Polis Identification in the Chalkidic Peninsula (Pernille Flensted-Jensen); Triphylia. An Experiment in Ethnic Construction and Political Organisation (Thomas Heine Nielsen); The Polis of Asea. A Case-Study of How Archaeology Can expand Our Knowledge of the History of a Polis (Jeanette Forsen and Bjorn Forsen).
