

What is the E-Dition? It is: The complete 4 volume set, which comes with the image bank CD-ROM bound in every copy, plus the website, available from any computer with web access (<http://www.neurosurgerytext.com>): the complete book, searchable online, ongoing clinical updates and case presentations, links to references, links to drug information, and more! Known for its expert advice, state-of-the-art content, superb illustrations, and clinical utility, this masterwork remains the definitive source for information on nervous system disturbances and their surgical management. Under the new editorial leadership of H. Richard Winn, MD, FACS, a brand-new team of nationally renowned editors and contributors guide readers through everything from history taking and diagnosis through state-of-the-art surgical procedures to pain management and rehabilitation. The 5th Edition has not only been completely updated from beginning to end, but also totally reorganized to mirror the ever-changing nature of neurosurgery practice. Your purchase entitles you to access the web site until the next edition is published, or until the current edition is no longer offered for sale by Elsevier, whichever occurs first. If the next edition is published less than one year after your purchase, you will be entitled to online access for one year from your date of purchase. Elsevier reserves the right to offer a suitable replacement product (such as a downloadable or CD-ROM-based electronic version) should access to the web site be discontinued.
